More information on Measure X may be found on our website at www.nocccd.edu.

“The mission of the North Orange County Community College District is to serve and enrich our communities and inspire life-long learning by providing education that is exemplary, relevant, and accessible.” – District-wide Strategic Plan, Approved by Board of Trustees June 2006

Progress can be seen all around us – thanks to continuing work on the many campus projects in Measure X, with local funding approved by voters just over six years ago.

“Greatness. Achieved.”

Two of the state’s premiere colleges and most extensive continuing education program combine to provide the quality educational programming of the North Orange County Community College District (NOCCCD). Nearly 70,000 students enroll each term at Cypress College, Fullerton College, and the School of Continuing Education. College students are able to shape their futures in programs leading to associate degrees, vocational certificates, and transfer opportunities. Life-long learning also is possible in continuing education programs that range from high school completion and basic skills mastery through an array of vocational training and self-development courses. The NOCCCD campuses serve an area of over one million diverse people – each pursuing their own, unique ambitions.

School of Continuing Education (SCE) at Cypress College

SCE Wilshire Center in Fullerton

Measure X began as a \$239-million program in 2002.

A one-time bond re-financing and ongoing investment interest have increased funds to more than \$265.8 million. This additional \$27 million has been used to help offset escalating construction costs that challenged the program until this past year.

Measure X financing is reviewed quarterly by the Citizens’ Oversight Committee.

Committee members in 2007-2008 were – Lynn Abouchar, Kay Bruce, Theresa Harvey, Sara Martin, Keith Nelson, Nicole Wells, and Philip Wendel
